### 1. Summary Of Significant Accounting Policies

The Recreation District No. 39A of Tangipahoa Parish, Independence, Louisiana (the "District") was created by an ordinance of the Tangipahoa Parish Council on April 22, 1996, as a recreation district to consist of territorial lands and property, both real and personal, in the parish, in accordance with R.S. 33:4562 et seq, and Article 6, Section 19 of the Louisiana Constitution of 1974 and other constitutional and statutory authority supplemental thereto, to be a body corporate in law and a subdivision of the State, known as "Recreation District No. 39A of Tangipahoa Parish (the "District")."

The District contains within its limits one municipality, Independence. The governing body of this municipality has given consent to inclusion of such municipality in the District. The District shall be and is a political subdivision of the State, within the meaning of the constitution and statutes of the State relating to incurring debt and issuing bonds therefor.

The objectives and purposes of the District are to own and operate playgrounds and other facilities and generally to engage in activities which would promote recreation and any related activity designed to encourage recreation and promote the general health and well-being of youths and all of the goals and purposes as authorized by law.

In accordance with R.S.33:4564, the Tangipahoa Parish Council appointed a board of seven (7) commissioners who are qualified electors and residents of the area covered by the District created by this division, two (2) of the members of the board being qualified voters and residents of Independence. The seven (7) commissioners initially appointed shall be appointed for terms of two, three, four and five years respectively (1-1 year, 2-2 years, 2-3 years, 1-4 years, 1-5 years), and they shall serve until their successors shall have been appointed and qualified. All commissioners thereafter appointed at the expiration of such respective terms shall be appointed by the parish council for terms of five years. Any vacancy which otherwise occurs shall be filled by appointment of the parish council for the unexpired term. In making such appointments due regard shall be had for the requirement that the board of commissioners shall include at least two qualified voters and residents of the municipality which has been included in the District by consent of its governing authority.

The accounting and reporting policies of the Recreation District No. 39A of Tangipahoa Parish conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the industry audit guide, *Audits of State and Local Governmental Units*.

### Notes to the Financial Statements (Continued)

June 30, 2002

The following is a summary of certain significant accounting policies:

### A. Financial Reporting Entity

As the governing authority of the Parish, for reporting purposes, the Tangipahoa Parish Council is the financial reporting entity for Tangipahoa Parish. The financial reporting entity consists of (a) primary government (parish council), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Tangipahoa Parish Council for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the Parish Council to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Parish Council.
- 2. Organizations for which the Parish Council does not appoint a voting majority but are fiscally dependent on the Parish Council.
- 3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Parish Council appoints the board members and has approval over their taking authority, the Recreation District No. 39A of Tangipahoa Parish was determined to be a component unit of the Tangipahoa Parish Council, the financial reporting entity. The accompanying financial statements present information only on the fund maintained by the Recreation District No. 39A of Tangipahoa Parish and do not present information on the Parish Council, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

### Notes to the Financial Statements (Continued)

June 30, 2002

### B. Fund Accounting

The accounts of the Recreation District No. 39A of Tangipahoa Parish are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The various funds are grouped, in the financial statements in this report, into two generic fund types and two broad fund categories as follows:

### Governmental Funds

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

### C. Fixed Assets And Long-Term Liabilities

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus.

All governmental fund type operations are accounted for on a spending or "financial flow" measurement focus and only current assets and current liabilities are generally included on their balance sheet.

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, and are recorded as expenditures in the governmental fund types when purchased. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs, gutters, streets, and drainage systems are not capitalized along with other general fixed assets. No depreciation has been provided on general fixed assets.

Notes to the Financial Statements (Continued)

June 30, 2002

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-term Debt Account Group.

### D. Basis Of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. All major revenues are susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued (Note (1)H); (2) principal and interest on long-term debt which is recognized when due; and (3) expendable operating supplies which are recorded as expenditures at the time of purchase under the "purchase method" (note (1)G).

### E. Budgets And Budgetary Accounting

Budgetary procedures applicable to the District are defined in state law, Louisiana Revised Statutes 39:1301-14. The major requirements of the Local Government Budget Act are summarized as follows:

1. The District must adopt a budget each year for the general fund and each special revenue fund, if applicable.

### Notes to the Financial Statements (Continued)

### June 30, 2002

- 2. The Chairman must prepare a proposed budget and submit the proposed budget to the Board of Commissioners for consideration no later than fifteen days prior to the beginning of each fiscal year. At the same time, if total proposed expenditures are \$250,000 or more, a notice of public hearing on the proposed budget must be published in the official journal in each parish in which the District has jurisdiction. The proposed budget was submitted to the board of commissioners on June 1, 2001. Upon acceptance by the board, the proposed budget was not published in the official journal in each parish in which the District has jurisdiction because the proposed expenditures for the general fund were less than \$250,000.
- 3. A public hearing on the proposed budget must be held at least ten days after publication of the call for the hearing. A public hearing was not held on the proposed budget because the proposed expenditures for the general fund were less than \$250,000.
- 4. After the public hearing, the budget is adopted by ordinance. All action necessary to adopt and implement the budget must be completed prior to the end of the fiscal year in progress. The budget was adopted on June 1, 2001.
- 5. The District must certify completion of all actions required to adopt and implement the budget by publishing a notice in the official journal in each parish in which the District has jurisdiction.
- 6. Budgetary amendments involving the transfer of funds from one program or function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of Commissioners. The budget was not amended.
- 7. All budgetary appropriations lapse at the end of each fiscal year.

The District did comply with the provisions of state law regarding the budget.

### F. Cash And Cash Equivalents And Investments

Cash includes amounts in demand deposits, interest bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under State law, the District may deposit funds in demand deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90

### Notes to the Financial Statements (Continued)

days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

### G. Inventory

The District utilizes the "purchase method" of accounting for supplies in governmental funds whereby expendable operating supplies are recognized as expenditures when purchased. The District did not record any inventory at June 30, 2002, as the amount is not material.

### H. Accumulated Compensated Absences

The District has no policy recording employees' vacation pay and employees' sick leave benefits as the District has no full-time employees. As a result, the District has no accumulated compensated absences requiring recognition in accordance with GASB Statement 16.

### I. Pension Plans

The Recreation District No. 39A of Tangipahoa Parish is not a member of any retirement system. The District is a member of the social security system.

### J. Total Columns On Combined Statements - Overview

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

### 2. Levied Taxes

The following is a summary of authorized and levied ad valorem taxes:

2001 Authorized and Levied Millage

Ad valorem taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied by the District during the year and actually billed to taxpayers and become due in November. Billed taxes become delinquent on December 31 of each year. Revenues from ad valorem taxes are budgeted in the year billed and recognized as revenue when billed. The

Tangipahoa Parish Sheriff's Office bills and collects the property taxes using the assessed value determined by the Tax Assessor of Tangipahoa Parish. The taxes are generally collected in December of the current year and January and February of the ensuing year. For 2002, the District levied 15.0 mills for a total tax levy of \$109,637 on taxable property valuation totaling \$7,308,967.

### 3. Cash And Cash Equivalents

At June 30, 2002, the District had cash and cash equivalents (book balances) totaling \$102,743, as follows:

Interest Bearing Demand Deposits	\$ 102,743
Total	\$ 102,743

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledged securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 2002, the District had \$102,828 in deposits (collected bank balances). These deposits are secured from risk as follows:

Federal deposit insurance	\$	100,000
Pledged securities (GASB Category 3)		415,562
Total Security	<u>\$</u>	515,562
Excess Secured Balance	\$	412,819

At June 30, 2002, the District did comply with the provisions of state law that requires public funds to be secured from risk by a pledge of securities by the fiscal agent bank.

### 7. Dedication Of Proceeds And Flow Of Funds - Ad Valorem Tax

Proceeds of the 10 year special tax of 15 mills on the dollar of assessed valuation on all property subject to taxation in Recreation District No. 39A of the Parish of Tangipahoa (2002 collections \$107,294) are dedicated for the purpose of purchasing and acquiring lands, buildings, equipment and other facilities in the District for recreation to promote the well-being of youths and the general public and to pay the cost of maintaining said facilities with not less than six percent (6%) of the avails of the said tax dedicated to the maintenance of existing parks (Velma, Frazier, Autin) and playgrounds in the District.

The District, through its governing authority, adopted a resolution on November 7, 1996, authorizing the issuance of \$400,000 of Certificates of Indebtedness, Series 1996, for the purpose of purchasing and acquiring land buildings, equipment and other facilities in the District for Recreation purposes. In that Resolution the proceeds of the 10 year special tax were irrevocably and irrepealably pledged and dedicated in an amount sufficient for payment of the certificates authorized and interest as they become due and for other purposes.

The certificate resolution requires that the proceeds of the special tax now being levied and collected by the District is to be deposited with the District's fiscal agent bank in a "sinking fund" (Debt Service Fund) until such time as there is on deposit in the Sinking Fund sufficient proceeds of the tax to pay all principal and interest falling due on the certificate in the ensuing year. After such time as there has been accumulated in the Sinking Fund the amount described in the preceding sentence, any surplus monies derived from the tax may be used by the District for any of the purposes for which the tax is authorized to be levied. The District shall make available from the Sinking Fund to the paying agent at least one (1) day in advance of the date on

which each payment of principal and interest on the certificate falls due, funds fully sufficient to pay promptly the principal and interest falling due on such date.

After funds have been set aside out of the revenues of the tax for each tax roll year sufficient to pay the principal and interest on the Certificate for the ensuing calendar year, and all required amounts have been deposited in the Sinking Fund, then any excess of annual revenues of the tax remaining for that tax roll year shall be free for expenditure by the District for the purposes for which the tax was authorized by the voters.

Additionally, the District, through its governing authority, adopted a resolution on January 14, 1998, authorizing the issuance of \$92,000 of Certificates of Indebtedness, Series 1998 for the purpose of purchasing and acquiring land, buildings, equipment and other facilities in the Issuer for recreation purposes, and paying the costs incurred in connection with the issuance of the certificate.

The certificate resolution requires that the certificate be secured by and payable solely from a pledge and dedication of the excess of annual revenues of the Issuer above statutory, necessary and usual charges in each of the fiscal years during which this certificate is outstanding, including the Issuer's \$330,000 of Certificates of Indebtedness, Series 1996, maturing serially on March 1 of the years 1999 through 2006, inclusive (the "1996 Certificates"). The Issuer has covenanted and agreed and does hereby covenant and agree to budget annually a sufficient sum of money to pay the principal of and the interest on the Certificate as it becomes due, and to levy and collect in each year taxes, and to collect other revenues, within the limits prescribed by law, sufficient to pay the principal of and the interest on the Certificate after the payment in such year of all such statutory, necessary and usual charges and the 1996 Certificates.

The balance in the Sinking Fund at June 30, 2002, was in accordance with the certificate covenants.

### 8. Compliance With Certificate Covenants

The District, through its governing authority, adopted a resolution on November 9, 1996, authorizing the issuance of \$400,000 of Certificates of Indebtedness, Series 1996 for the purpose of purchasing and acquiring land, buildings, equipment and other facilities in the District for recreation purposes. That certificate resolution contained certain covenants and agreements in connection with the security and payment of the certificates. The major covenants contained in the certificate resolution and the manner in which the District has complied with these covenants is described as follows:

Sinking Fund - According to the certificate resolution, all of the avails or proceeds of the tax for each tax roll year shall be set aside in the Sinking Fund until such time as there is on deposit in the Sinking Fund sufficient proceeds of the tax to pay all principal and

interest falling due on the certificate in the ensuing year. As of June 30, 2002, the District was in compliance with this certificate covenant.

Securing of deposits of public funds - In the certificate resolution it is required that all monies deposited with the regularly designed fiscal agent bank or banks of the District or the paying agent under the terms of the resolution shall constitute secured funds for the benefit of the owner of the certificate, and shall be secured by said finances at all times to the full extent thereof in the manner required by law for the securing of deposits of public funds.

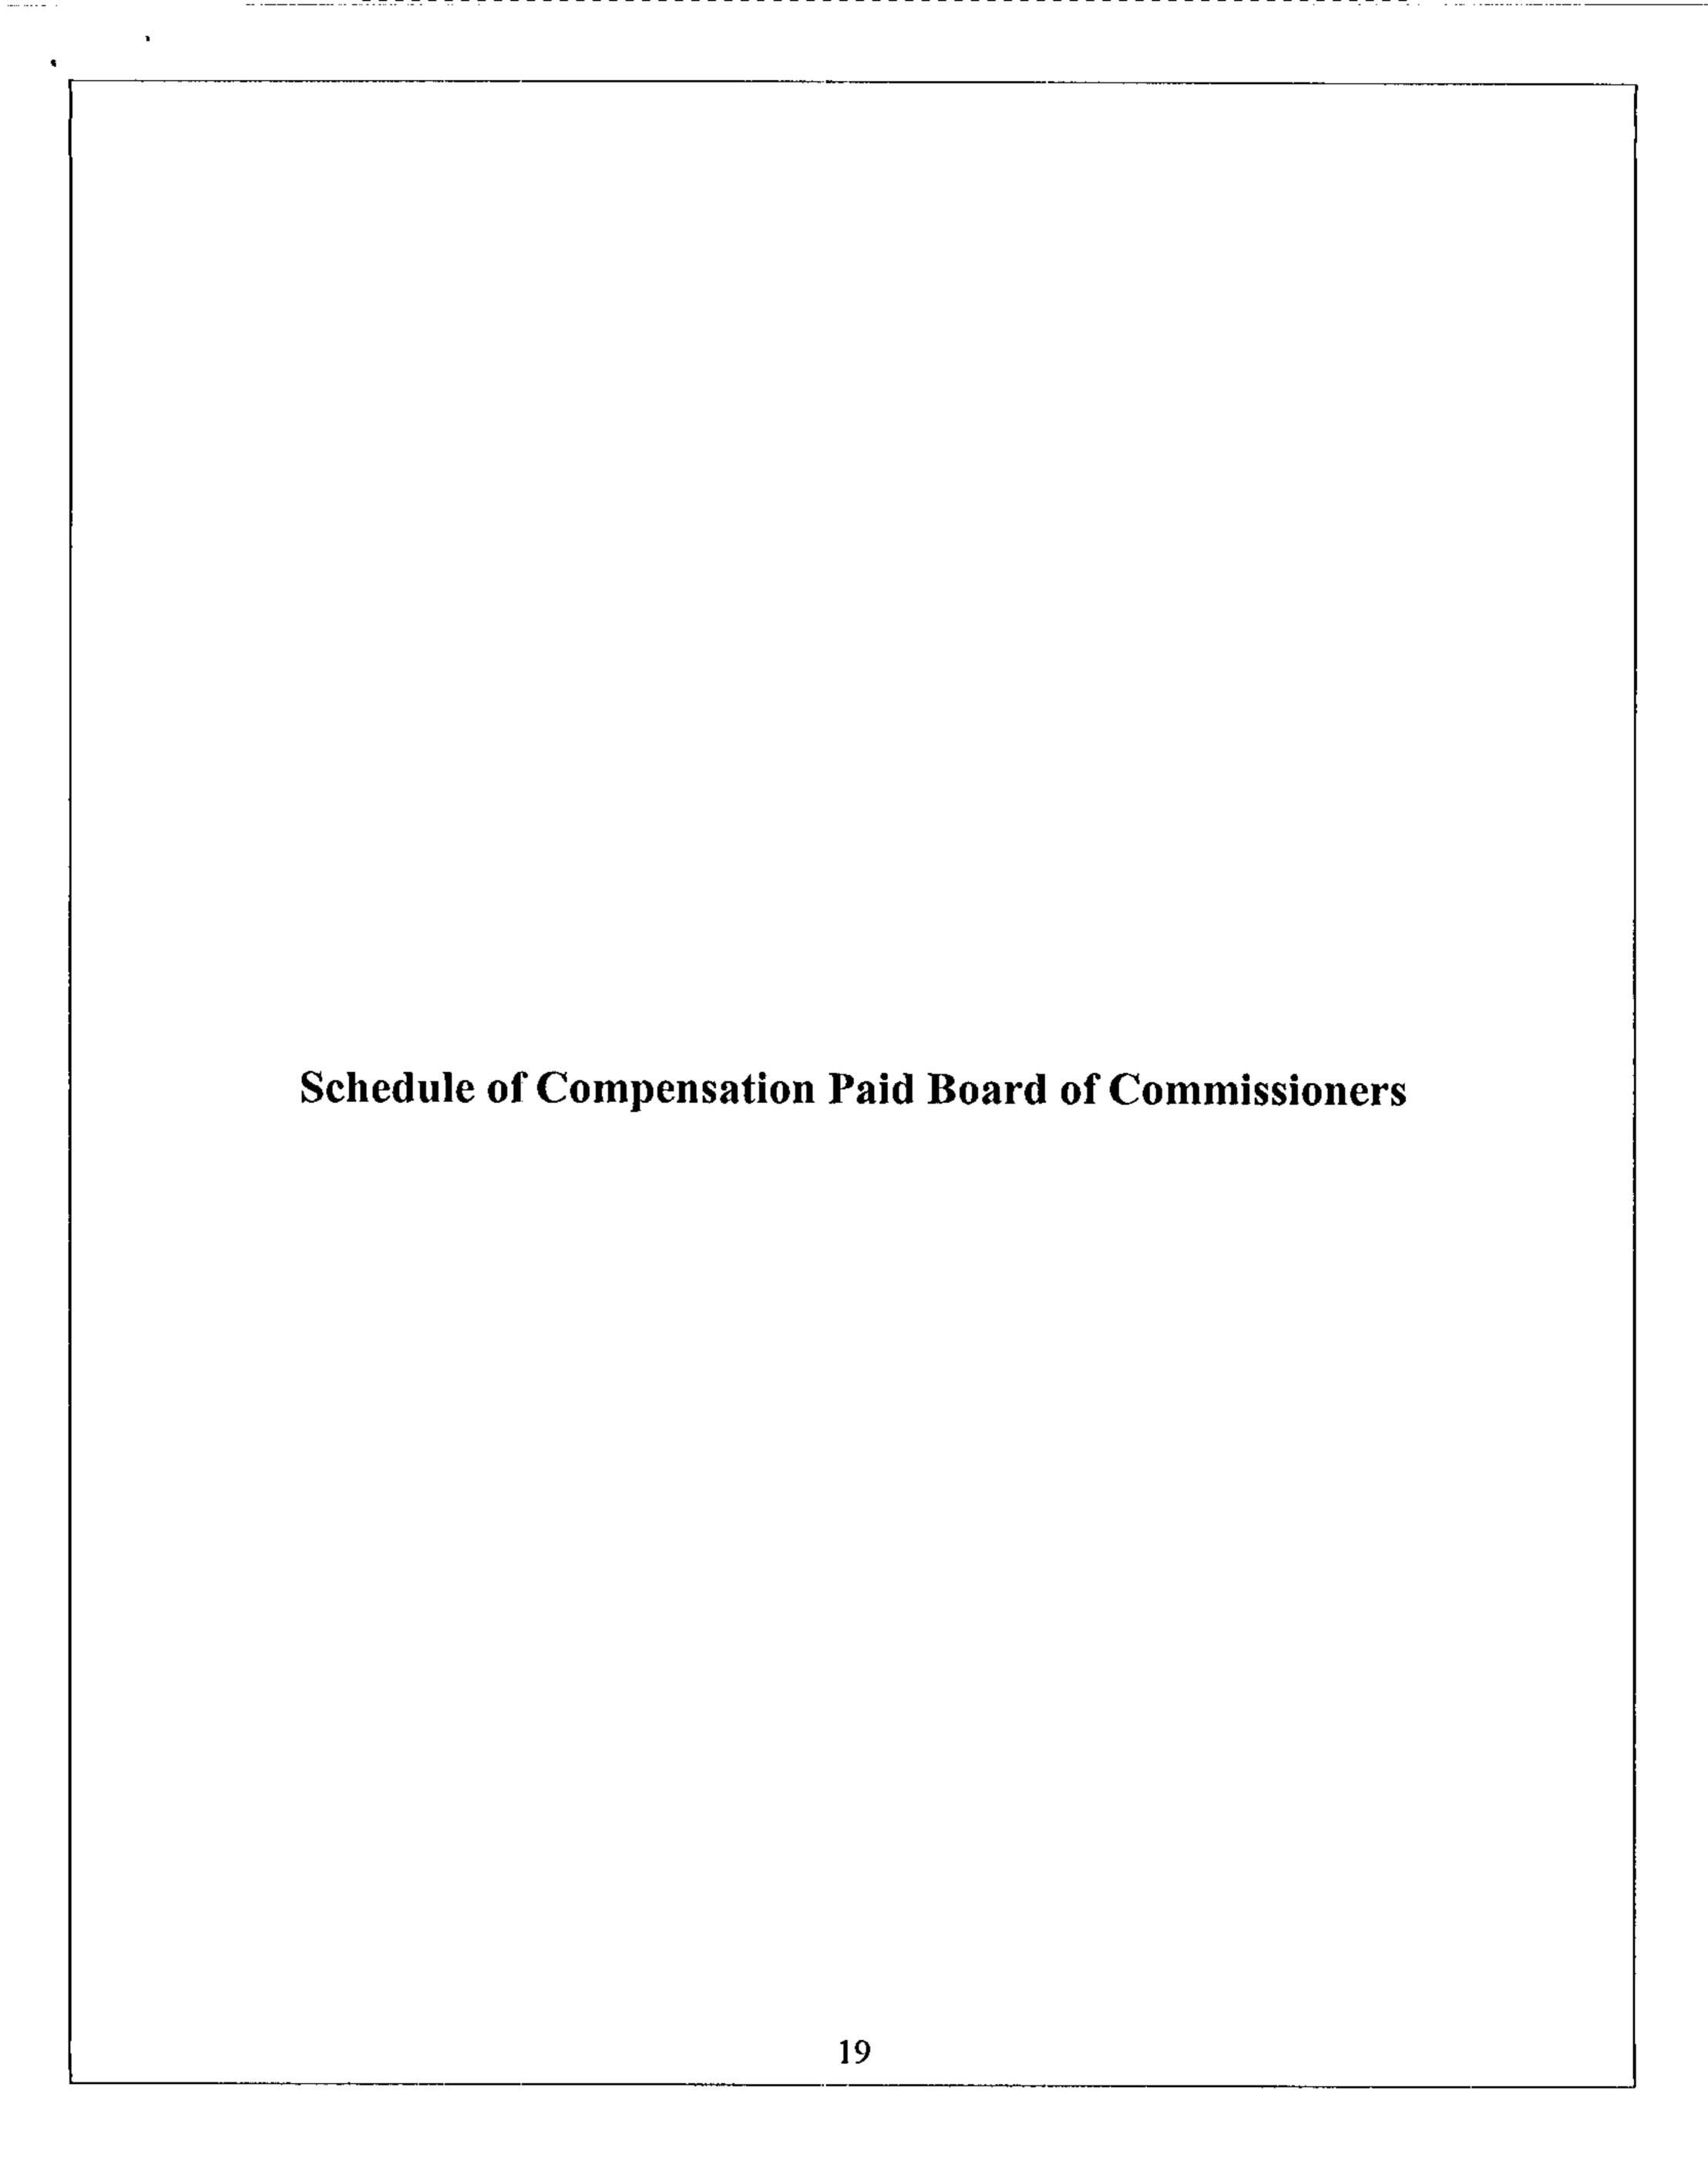

As of June 30, 2002, the District was in compliance with this Certificate covenant.

Budget - In the certificate resolution as long as the certificate is outstanding and unpaid in principal or interest, the District is required to prepare and adopt a budget prior to the beginning of each fiscal year. A copy of such budget shall be furnished within thirty (30) days after its adoption to the paying agent and owner.

As of June 30, 2002, the District was in compliance with this certificate covenant.

Other Requirements - The certificate resolution contains additional covenants regarding collection of tax, legal right to collection of tax, and other miscellaneous provisions.

As of June 30, 2002, the District was in compliance with these other certificate covenants in all material respects.

September 13, 2002

Mr. Charles Baglio, Chairman and the Members of the Board of Commissioners Recreation District No. 39A of Tangipahoa Parish Independence, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Recreation District No. 39A of Tangipahoa Parish and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Recreation District No. 39A of Tangipahoa Parish's compliance with certain laws and regulations during the year ended June 30, 2002, included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

### Public Bid Law

1. Select all expenditures made during the year for materials and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were no expenditures made during the year for materials and supplies exceeding \$15,000 and no expenditures were made for public works exceeding \$100,000. Therefore, the District was in compliance with the provisions of LSA-RS 38:2211-2251.

### Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

There were no employees during the period under examination.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

There were no employees during the period under examination.

### **Budgeting**

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. The original budget was not amended.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on June 7, 2001, which indicated that the budget had been adopted by the Commissioners of Recreation District No. 39A of Tangipahoa Parish by a vote of 6 in favor and none opposed. The budget was not mended.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures for the final budget to actual revenues and expenditures. There were no variances in excess of the 5% limitation.

### Accounting and Reporting

- 8. Randomly select six disbursements made during the period under examination and:
  - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

All six of the payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approval from the Chairman and the Board of Commissioners.

### Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Recreation District No. 39A of Tangipahoa Parish is only required to post a notice of each meeting and the accompanying agenda on the door of the town hall building. We witnessed the posted notice of a meeting and reviewed a newspaper copy of the minutes.

### <u>Debt</u>

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposit which appeared to be proceeds of bank loans, bonds, or like indebtedness.

### Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the District for the year indicated no approval for the payments noted. We also inspected disbursement records for the year and noted no instances which would indicate payment to employees which would constitute bonuses, advances, or gifts.

Since there were no employees, there were no payroll records to inspect.

### Prior Year Findings

8. In our prior agreed upon procedures report dated October 31, 2001 for the year ended June 30, 2001, we reported certain other findings relating to the system of internal accounting control, as described in the accompanying summary schedule of prior agreed upon procedures findings. The District complied with certain budget requirements as outlined in prior year findings.

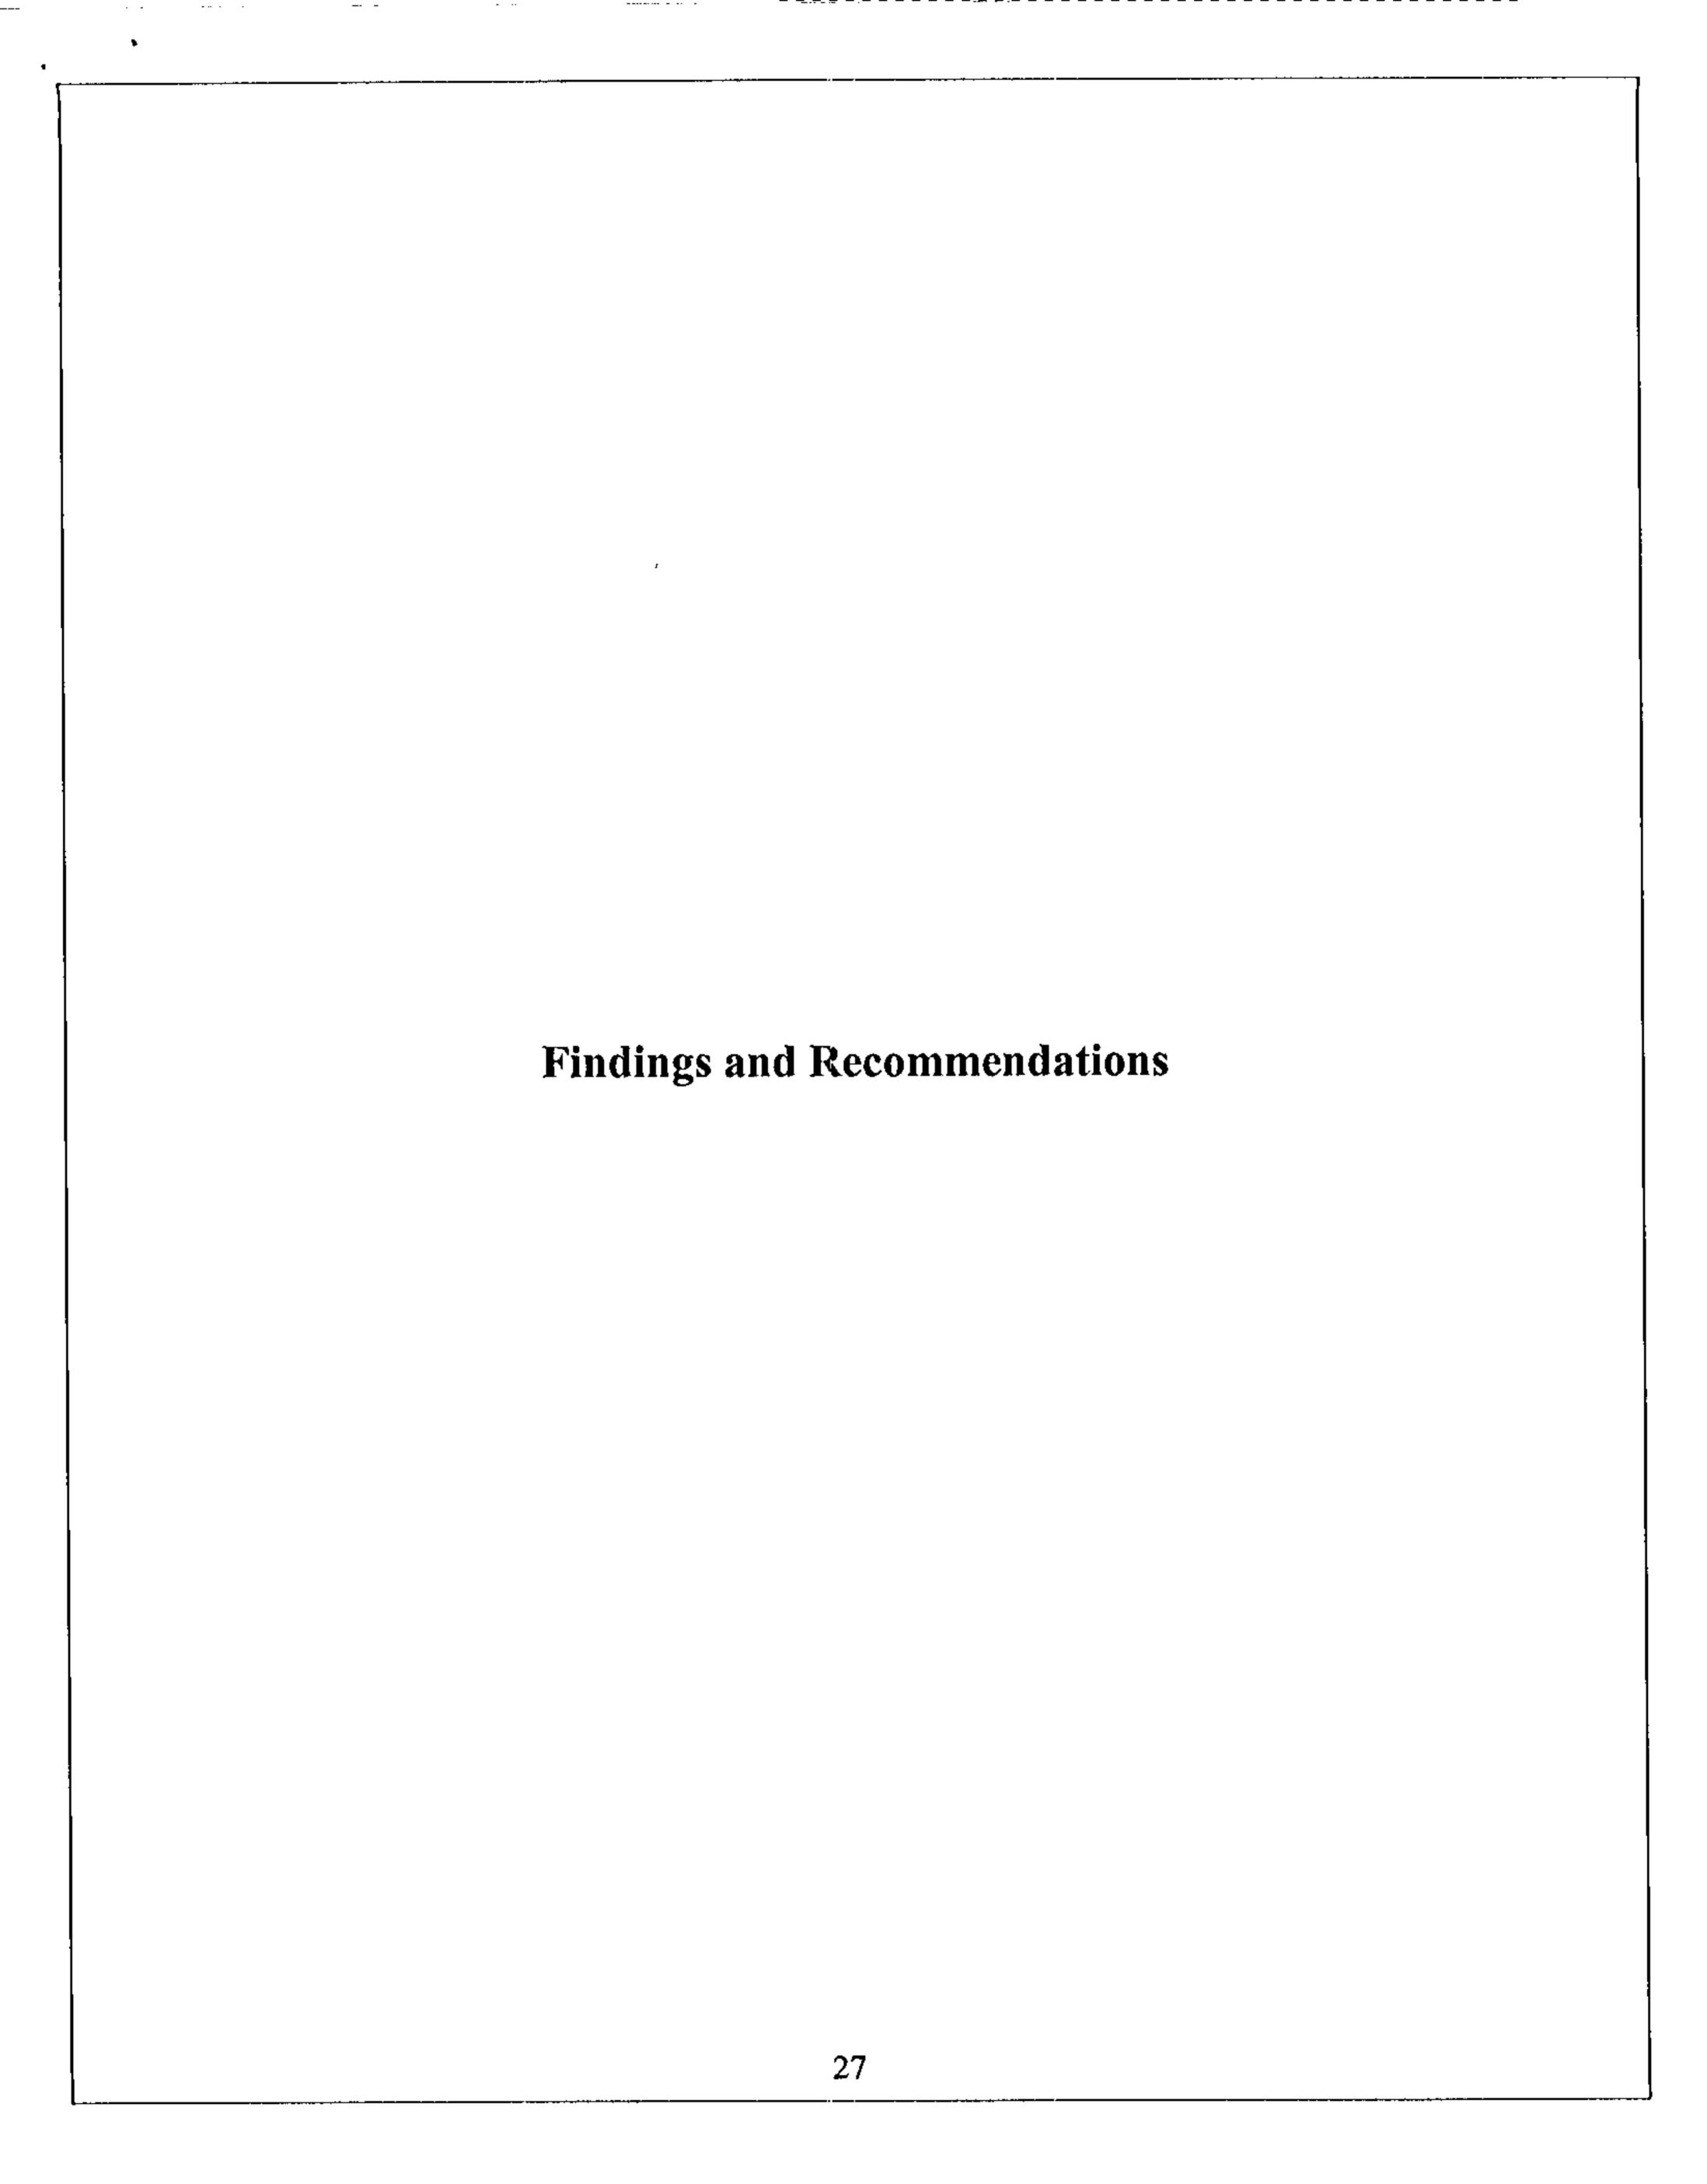

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Recreation District No. 39A of Tangipahoa Parish

This report is intended solely for the use of management of Recreation District No. 39A of Tangipahoa Parish and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Durnin & James, CPAs (A Professional Corporation)
